

Hello Students and Families of Village Schoolhouse Academy 2018/19!

Items with an asterisk* next to them will be a personal use item. If more than two personal use items are listed, extras will be stored at school and should be labeled or stamped with your name or initials.

Personal use items should be identifiable with permanent marker in several locations! I recommend that you or your student label their personal use items in places where the writing is less likely to be touched. For example: on a pencil write near the eraser, for markers write initials on the end/cap. We thank you all for identifying your student's items, this makes accountability for picking up, much easier! **Please, please, please, also write your family name on coats, lunchboxes, bags, and anything else your student will bring to school to help us hold the students accountable for their belongings.**

5th-8th grades need a wi-fi capable laptop/netbook available for in-class use primarily on Wednesdays for writing, and an email account for correspondence with classmates and teacher. I encourage students to use google docs. Families will also need to keep a working printer at home with ink! (I know, it's a tall order in our house too)
