

Hello Students and Families of Village Schoolhouse Academy 2019-2020!

Items with an asterisk\* next to them will be a personal use item and students may enjoy being involved in picking them out. Personal use items should be identifiable with permanent marker in several locations! I recommend that you or your student label their personal use items in places where the writing is less likely to be touched. For example: on a pencil write near the eraser, for markers write initials on the end/cap. We thank you all for identifying your student's items, this makes accountability for picking up, much easier! **Please, please, please, write your family name on coats, lunchboxes, bags, and anything else your student will bring to school to help us hold the students accountable for their belongings.**

Primary students (1-3):

1. 1 small pair of Fiskars scissors\*
2. 5 wide-ruled or wide ruled with red-dotted line composition books which may have space for drawings above the lines (primary only)
3. Water bottle with straw/pop-top/sippable access, NOT a screw on lid (spills)\*
4. Pencil grips or other personal writing tools\*

Intermediate students/Middle School should start with the above list, except for a couple of things which are identified as primary only and ADD these items:

1. 10 mechanical pencils & lead filler boxes NAME ON EACH ITEM if possible\*
2. A three subject spiral bound notebook with pocketed dividers for language arts; spelling, writing and literature\*
3. 2 single subject spiral bound notebooks with pockets for science and social studies\*
4. 2 composition books/journals; one lined, one with blank pages or two with combination of lines and blank space for drawings\*
5. 3 different colors of highlighter pens
6. 2 large packs 3 hole punched loose college ruled paper
7. basic solar calculator\*
8. 5 packs of multi-colored 3x5 cards
9. cube of multi-colored sticky notes

5th-8th grades need a wi-fi capable laptop/netbook available for in-class use primarily on Wednesdays for writing, and an email account for correspondence with teacher. I encourage students to use google docs. Families will also need to keep a working printer at home with ink although writing process drafts can be submitted ahead of time for feedback by email. schoolupstairs@gmail.com
